PROJECT: Caravel

AGENT OPERATIONAL ALIAS: none

CASE OFFICER ALIAS: none

DATE OF REPORT: 30 March 1965

CASE OFFICER PSEUDONYM: ☒ ☐

TIME OF MEETING: 1700 HRS TO 1910

DATE OF MEETING: 29 March 1965

ALSO PRESENT: no one

PLACE OF MEETING: Caravel's apartment

PERIOD COVERED: 12 March 1965 to date

PURPOSE OF MEETING: Regular ops Meeting

I. COMMUNICATIONS: Date of meeting tentatively agreed upon at last meeting and confirmed by telephone to Caravel's office. Incidentally, telephoning to Frau Jung as agreed upon has simplified the telephoning. Next meeting, unless there is emergency (he promised to call should developments with Algeriens require it) should be the week after Easter and I'm to call him at his office on 21 April, when he'll be back from his Easter trip to the family homestead in the Westerwald.

II. SUBSTANCE OF THE MEETING: Caravel was his usual relaxed and friendly self, he had coffee ready and said he was available for hour and a half.

Conversation turned almost immediately to Algiers and he gave me the information which is outlined in separate report already submitted to ☐ ☐ and which resulted Bonn 8372 dissemination. I will follow the possible further exploitation of his Algerian contact and also on the results of his man Mitschke's work in Algiers following his return from there. The meeting then covered the following items which I had on my agenda:

A) the SG reports, he will have them for me at the next meeting. This will get them to us on a quarterly basis. the period from 17 December 1964 to date will be covered.

B) I brought up the Wiechmann case and if he had anymore on it. His answer was a flat no, he had not been to Berlin, had had no further contacts with his Berlin Friends and had nothing more to offer. I asked whether he thought the CDU would sit still for the unilateral action of the SPD in getting Wiechmann out and their own man in. He had no comment on this except that he felt that the SPD had things their own way in Berlin and little could be done about it. He continues to believe that a FNU PRILLX will be wiechmann's successor.

C) Due to Mitschke's continued presence in Algiers, the Sudan report is still not ready.

D) I had asked for an Organization chart on the BKA, there is no new one, but he did give me the latest Ministry of interior chart as of 1 OCT 1964. we already have this in BONN OPS case.

e) He had nothing to report on any new personnell appointments. No #2 man to replace him has been found so far.

f) no new training programs for foreign police officers have been firmed up. Later in the year there will be some Ghanaians and some Brazilians. He will make details available when they are ready.

G) next meeting to be after Easter unless something important occurs. I'm to call him on the 21st when he'll be back from an Easter vacation in the Westerwald his home.

CONCLUSIONS: This was another pleasant, ~~lax~~ relaxed meeting. The Algiers comments were volunteered and surprisingly produced disseminable information (see EGN 2177) Caravel's contact appears to be a good one and worth a follow up this I will do.
